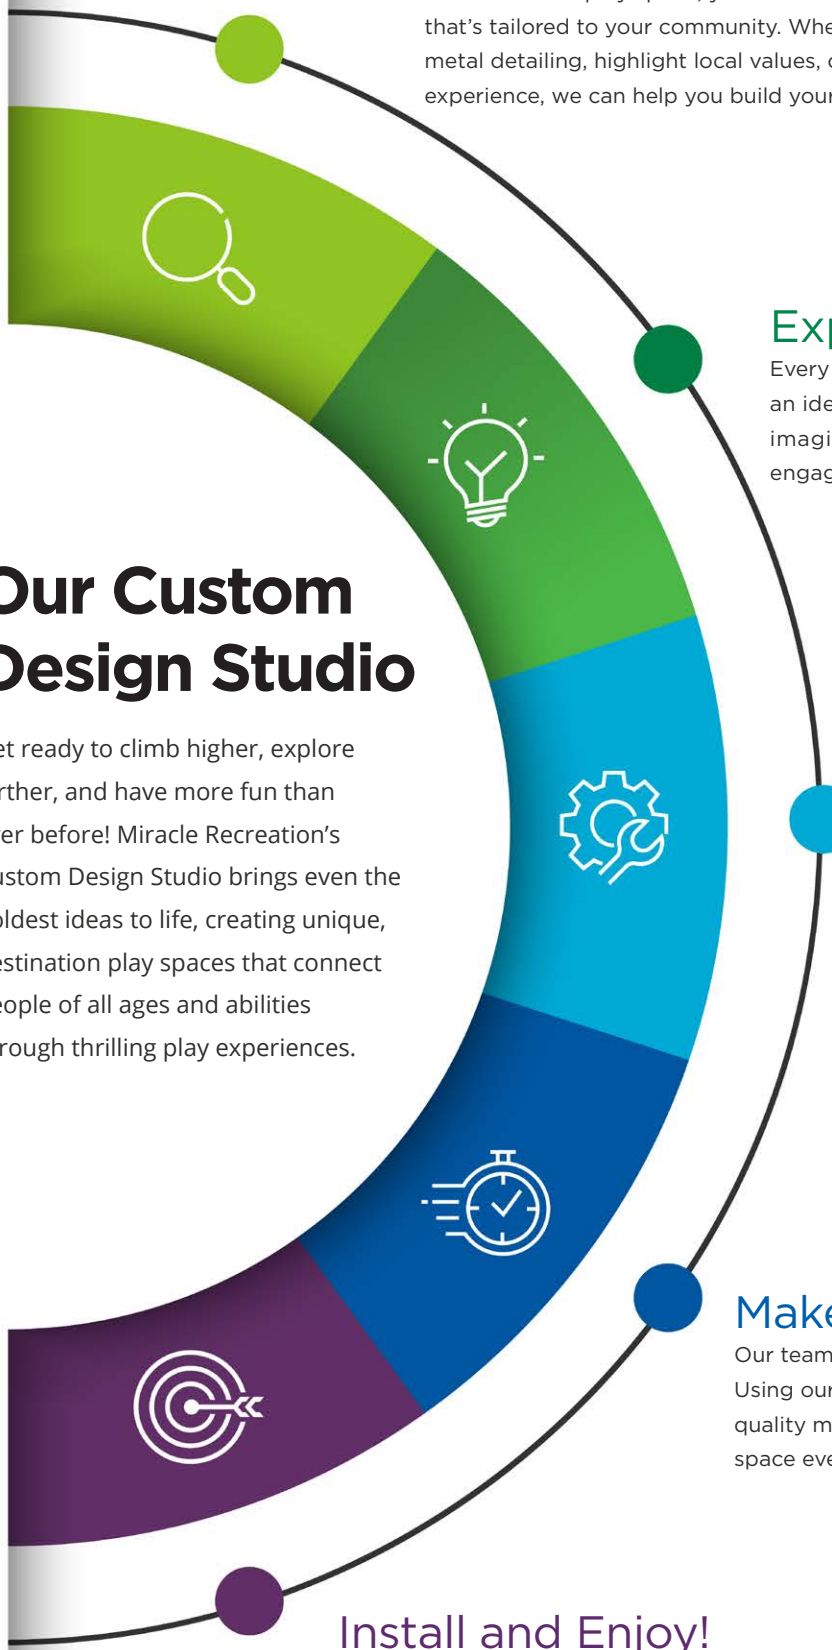
Quality Play Made Easy

As The Original Creators of Play, we have generations of experience creating memorable, long-lasting play solutions for communities like yours. Our 192,000 sq. ft. manufacturing facility in Monett, Missouri uses cutting-edge technology and premium materials to ensure play equipment of the highest quality. By combining our innovative processes with the pride of our team members, we make it easier than ever for you to bring custom play to your community.

Our Custom Design Studio

Get ready to climb higher, explore farther, and have more fun than ever before! Miracle Recreation's Custom Design Studio brings even the boldest ideas to life, creating unique, destination play spaces that connect people of all ages and abilities through thrilling play experiences.



Let's Get Started!

With a custom play space, you're creating a one-of-a-kind experience that's tailored to your community. Whether you're looking to add metal detailing, highlight local values, or even design your own game experience, we can help you build your vision in just 4 easy steps.

Explore Your Ideas

Every great innovation starts with an idea. Together, we'll explore your imagination and find the best ways to engage and inspire your whole community.

Choose Your Design

Our team creates the plans for your play space. Review and refine alongside our team to ensure it has everything your community needs—and more.

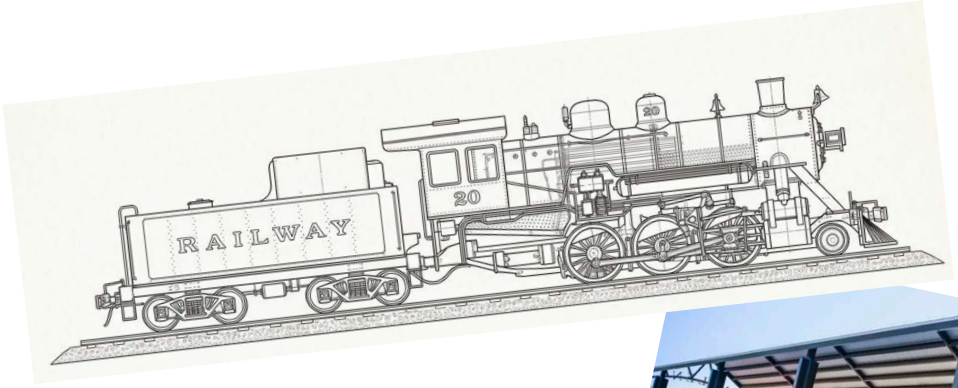
Make It a Reality

Our team will bring your playground to life. Using our generational expertise and high-quality manufacturing, we'll make your play space even better than you imagined.

Install and Enjoy!

We install every detail with care to ensure your play space withstands years of use. All you have to do is open up and explore alongside your community!

Allen Station Park
Allen, Texas



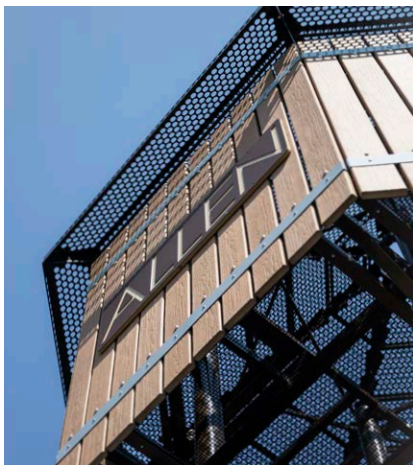
See Your Idea Come to Life!

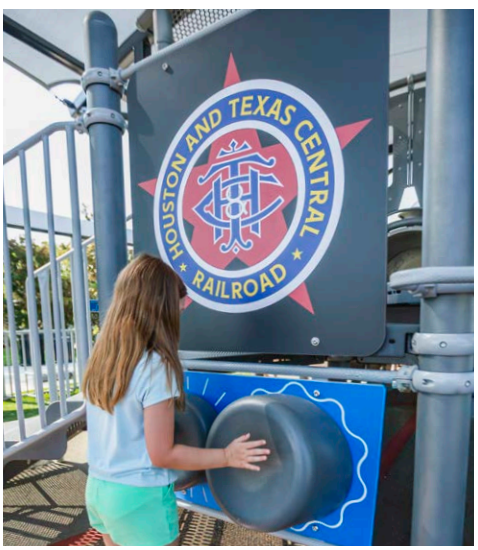
Through custom design, you have the chance to achieve your wildest playground dreams. Our team takes your initial inspiration and reinvents it for reality, working with you every step of the way to design a play space that you and your community can be proud of.

Allen Station Park

Allen Station Park's train-themed playground is a must-see destination for explorers—no ticket required! In addition to a custom Mega Tower® structure, the playground features themed signage and freestanding play equipment to create a memorable play experience for visitors.

ALLEN, TEXAS





Custom Texas-based callouts connect the playground to the local community in an imaginative way.

Joanne Land Playground

Joanne Land Playground honors its community's growth through a thrilling 10,000 sq. ft. design. From never-before-seen heights to inclusive routes and ground-level equipment, this destination play space is customized to excite, challenge, and inspire everyone at new levels.

ROUND ROCK, TEXAS

40

6 custom towers offer kids a bird's eye view with heights up to 40 ft. high.

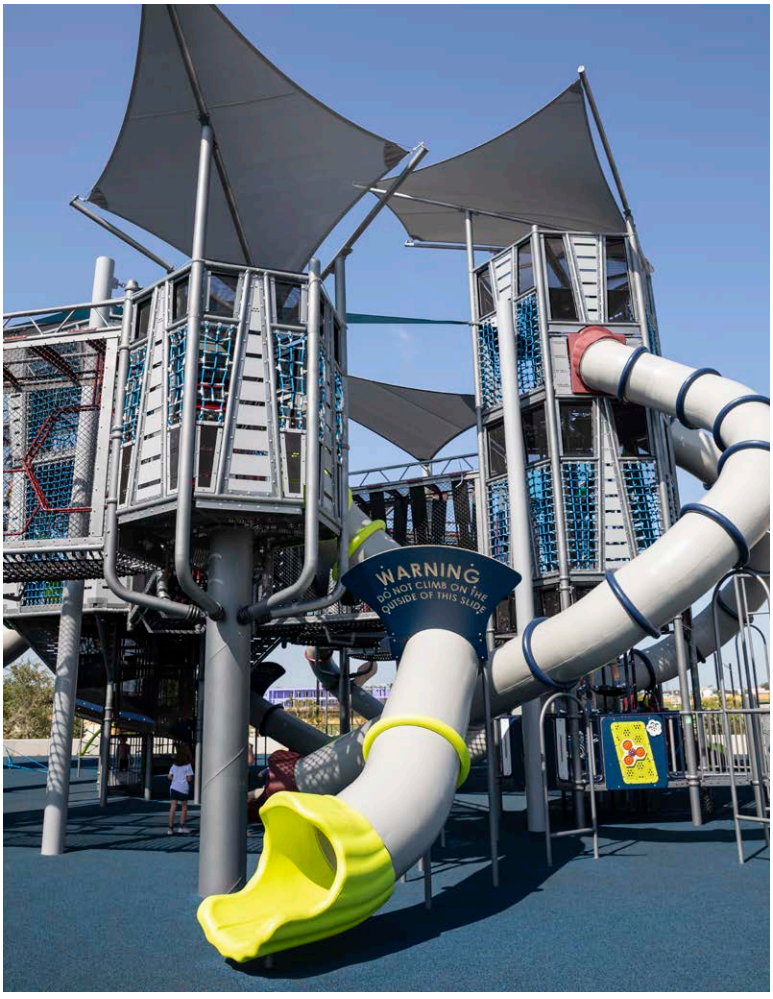
116

Kids can enjoy a sense of perceived risk as they navigate through 116 ft. of skyway.

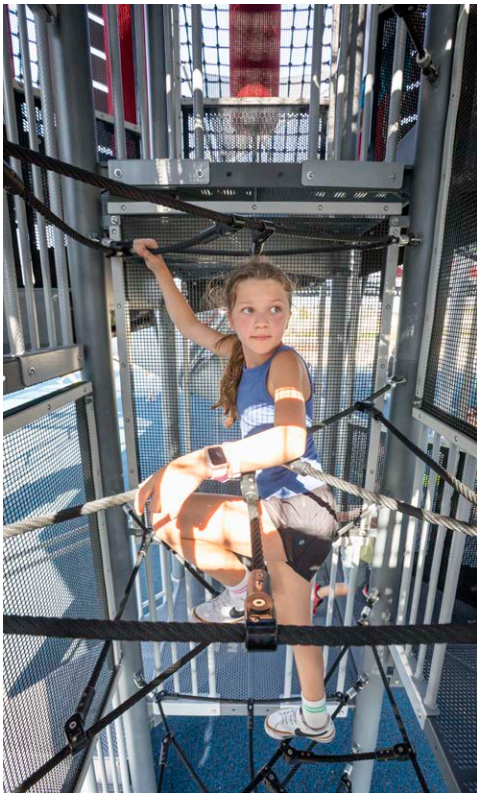
9

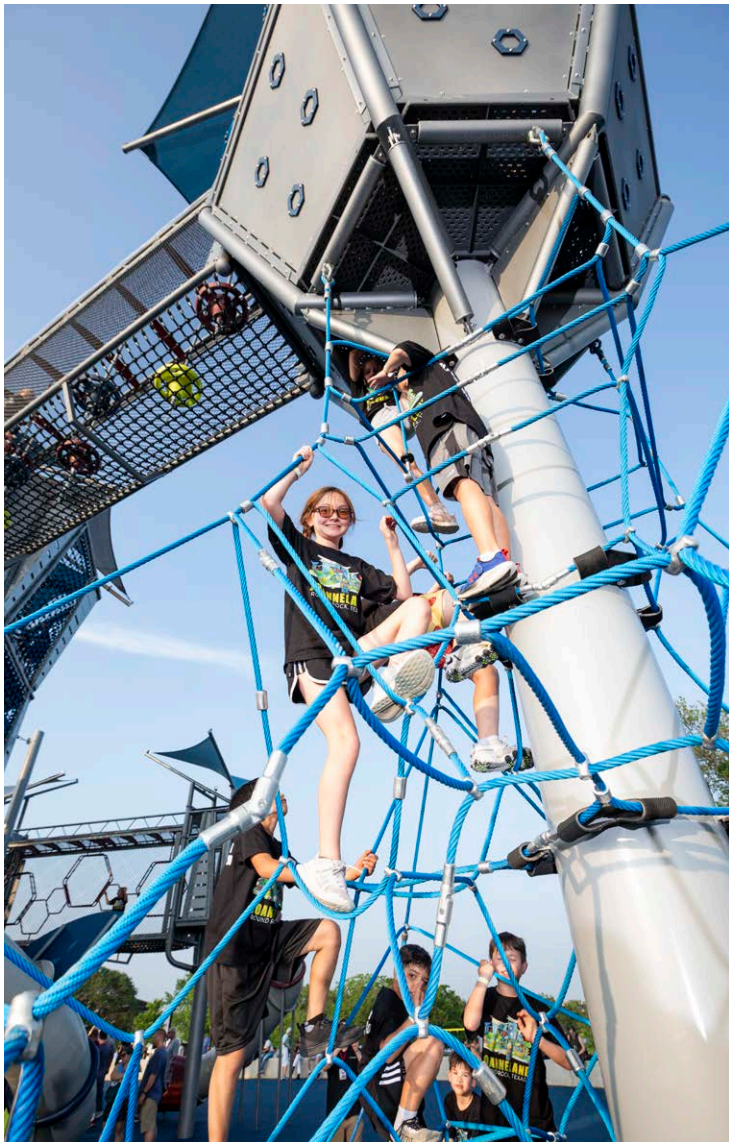
A total of 9 slides are located throughout the play structure, with two standing 22 ft. tall.

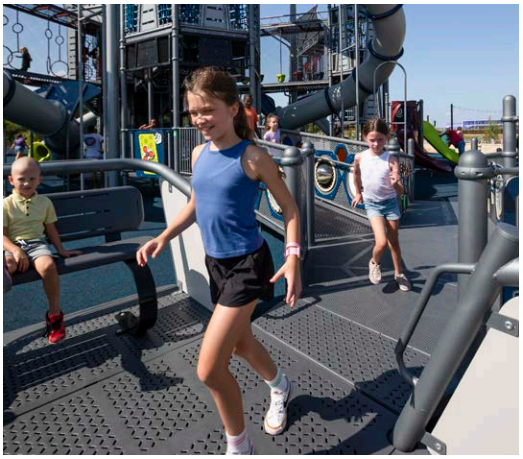
Joanne Land Playground

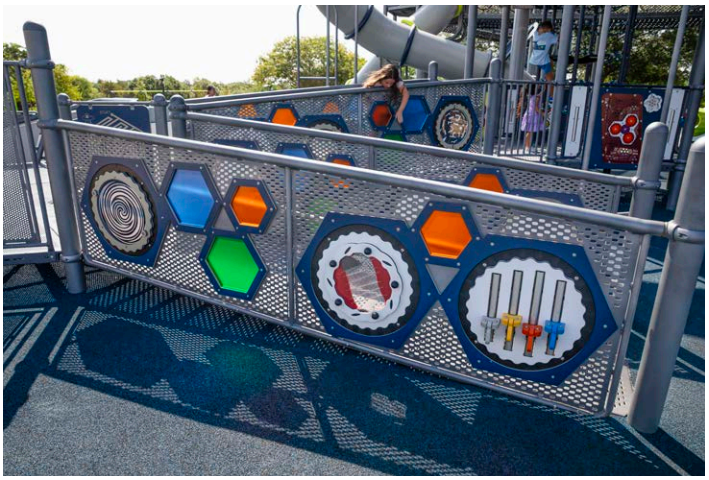


Custom lighting transforms the play space into a beacon of fun for the community.









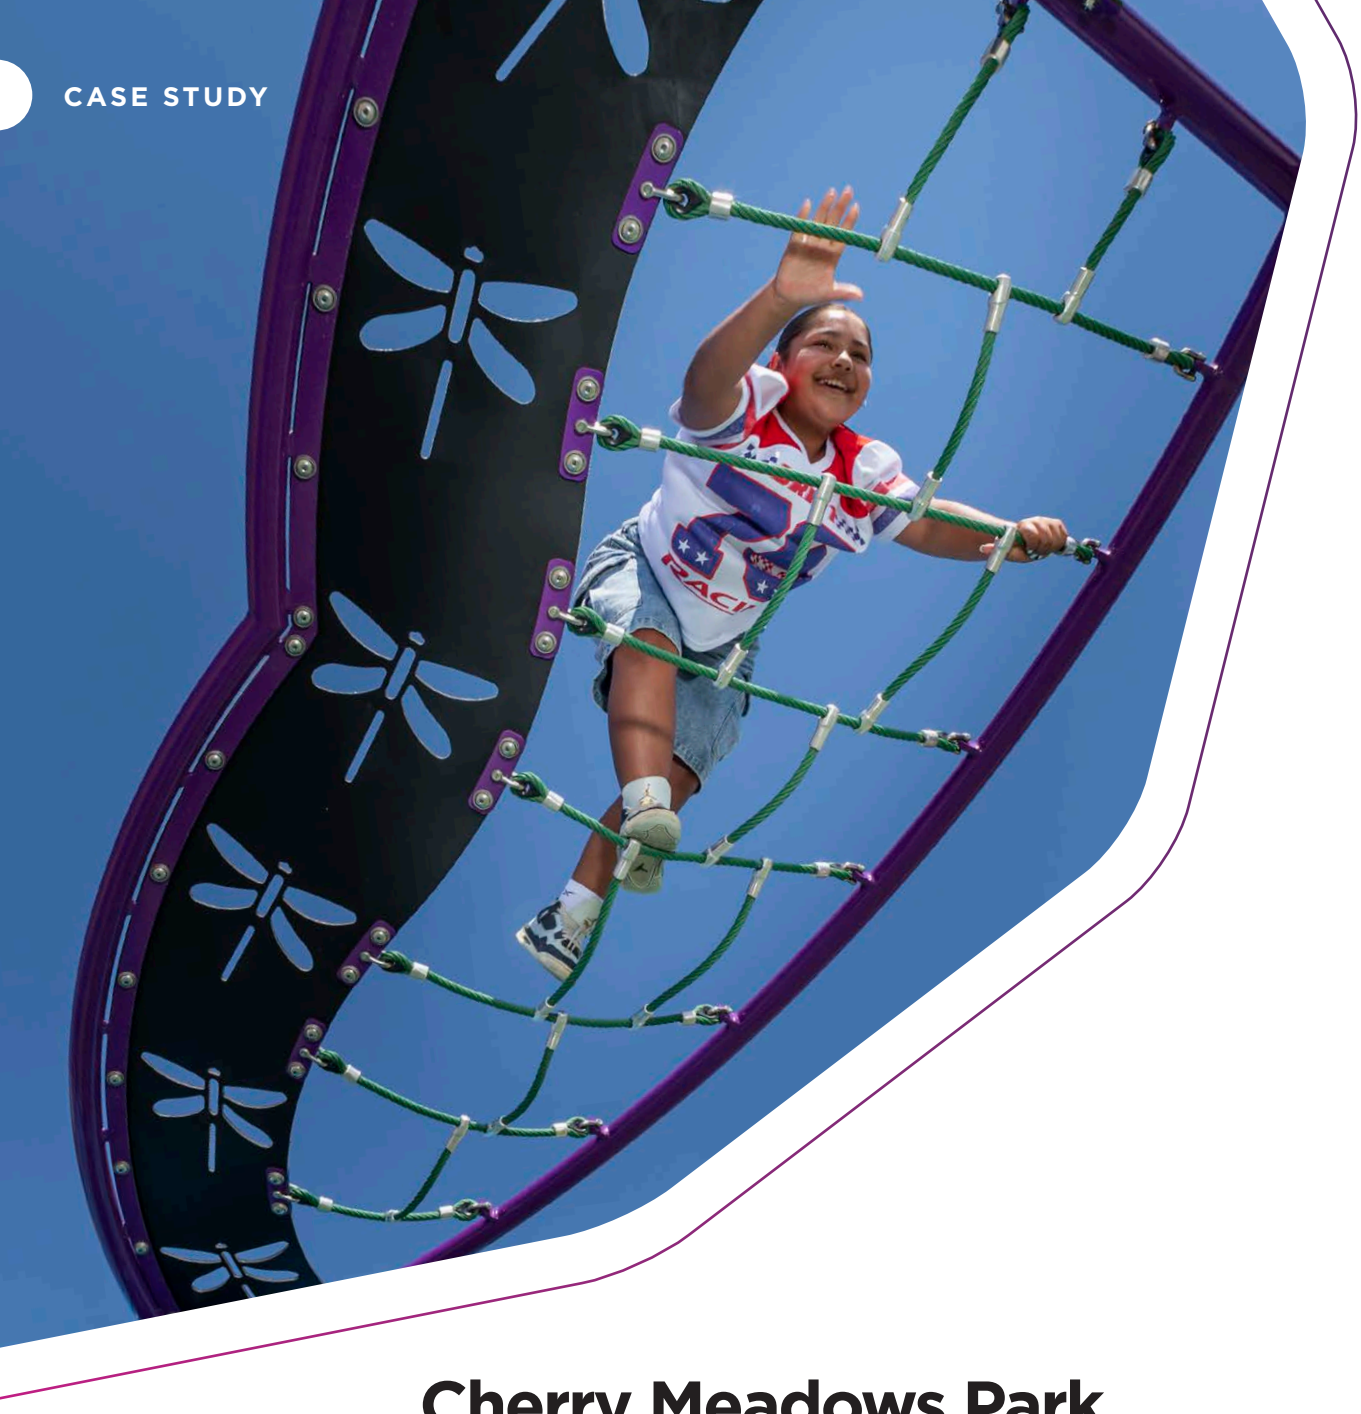
Strategic design ensures activity and engagement at every turn.

The community's vision of an Aztec-inspired play space was achieved through thoughtful details like ornate Extreme Generation roofs and a hand-painted horse sculpture.

Hamilton Park

Hamilton Park's inclusive playground is especially designed to connect people of all ages and abilities. Through custom elements such as intricate steel rooftops, post toppers, educational panels, and a vibrant horse climber, the play space has revitalized the community's spirit.

POMONA, CALIFORNIA

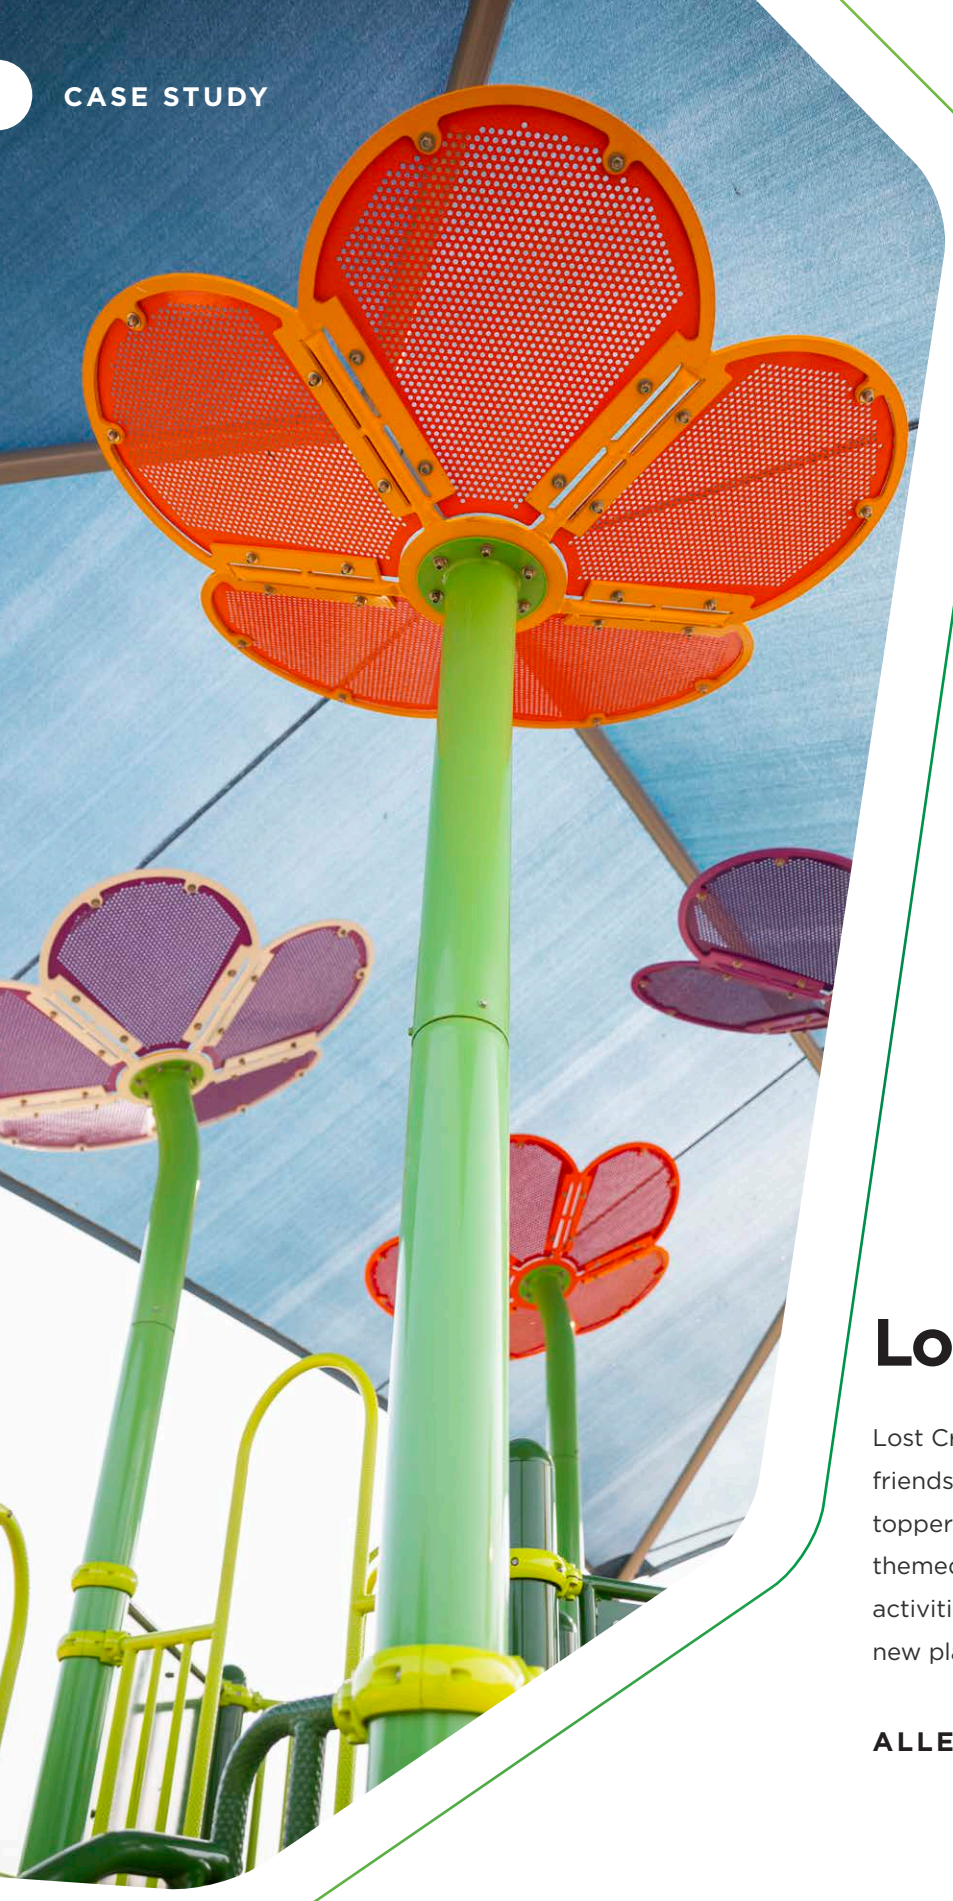


Cherry Meadows Park

Formerly a retention pond, Cherry Meadows Park represents its history by inviting kids to play with their favorite pollinators. The space features custom climbers such as the honeycomb play sculptures and a steel dragonfly climber, as well as inspiring custom details like butterfly post toppers and themed components on the Mega Tower® structure.

BRIGHTON, COLORADO

With honeycomb sculptures, sensory post toppers, and a dragonfly climber featuring 14 play events, kids can enjoy themed play across every inch of this playground.



Lost Creek Park

Lost Creek Park is where skills grow and friendships blossom. Custom floral post toppers set the scene for explorers while themed play panels with customized activities bring them together for a joyful new play experience.

ALLEN, TEXAS

Using custom activities and imagery on play panels makes the playground stand out and captivates visitors.

Spirit Park

Inspired in part by popular movie The Sandlot, Spirit Park's custom play space uses a cobbled-together aesthetic to inspire kids into action. Custom details such as the faux rusting, the pipe company label on the tunnel slides, and the patchwork street signs transform the space into every kid's ideal hangout spot.

ALLEN, TEXAS

Innovative design turns ordinary objects—like traffic cones and tires—into new paths for exploration.

Intentional placement allows for a wide variety of equipment while creating the illusion of a giant ship.

Nicolas Road Park

Nicolas Road Park invites kids to sail the seven seas with its pirate-themed play space. By combining custom play elements—such as an octopus climber, themed play panels, and a larger-than-life treasure chest—with our standard themed play equipment, this playground enhances the experience for kids and allows them to better explore their imagination.

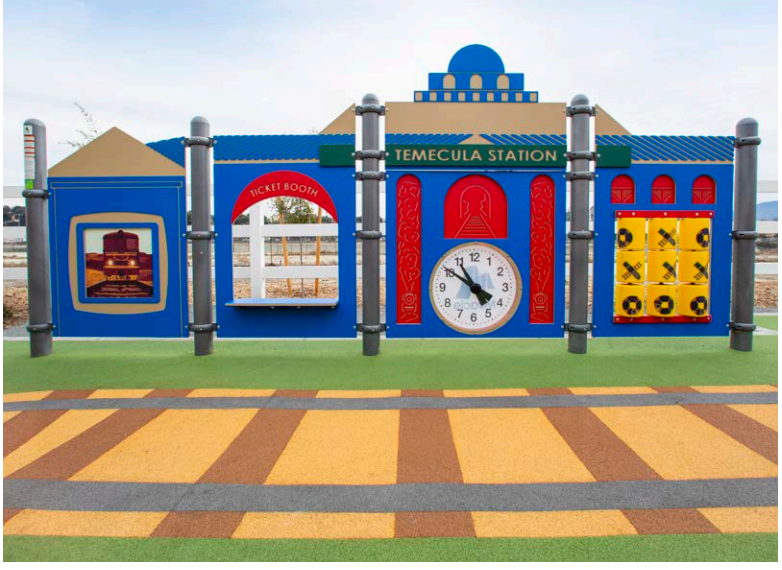
TEMECULA, CALIFORNIA

Small Details. Big Impact.

Smyrna Library
Smyrna, Tennessee

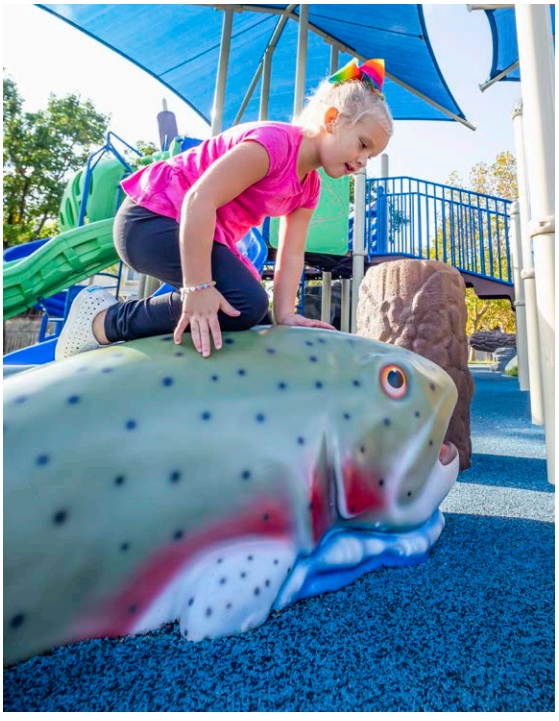
Make it Bold

Custom freestanding equipment can draw in visitors with its striking look and keep them playing with its engaging activity. We can construct all kinds of freestanding pieces for visitors of all ages and ability levels, whether it's a metal climber, a play panel, or even a spring rider.



TEMECULA STATION
TICKET BOOTH

FUNTOPIA



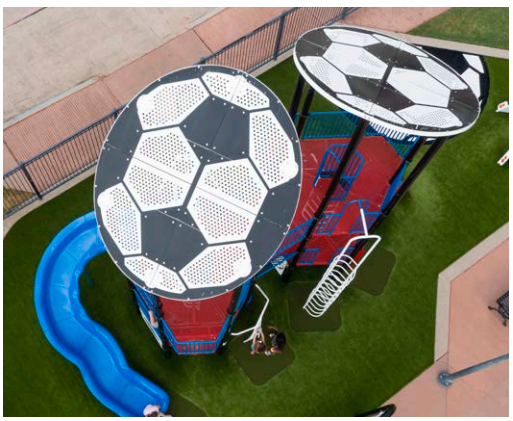
Make it Joyful

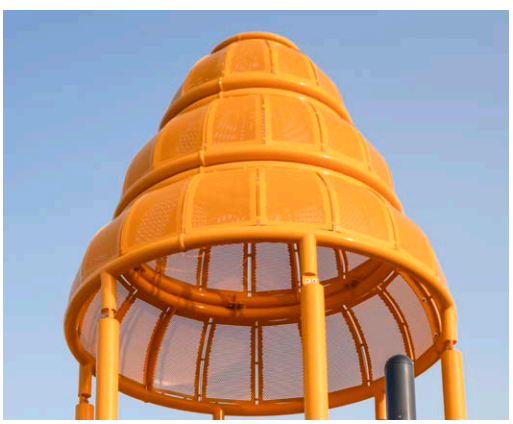
With custom-themed play sculptures, you can create any idea you have in mind. Using Glass Fiber Reinforced Polymer (GFRP), we're able to innovate climbers, arches, and more just for you. Best of all—GFRP is a highly durable material that's friendly to the touch, easy to install, and less costly to ship!

Make it Exciting

Often the first thing visitors see, roofs and post toppers can be the defining factor that sets your play space apart. A dramatic shape instills excitement from afar, while more minimal detailing encourages close-up exploration. We offer a variety of options to guarantee the best solution for your project.

AGATE PARK





HOME RUN!

Make it Connect

Through custom play components, you can create a truly personalized experience for your community. Our team can create climbers and play panels that enhance your overall design, as well as games that facilitate a deeper engagement with your playground's theme and community.
